

## FCA Motocross Team ~ *Keys to Victory* 2014

Our *Keys to Victory* help us to understand our growth and impact as an FCA Motocross team. Numbers oftentimes can help us to keep focus on our goals as well as opportunities for the near or long-term future. It is important for all leaders to understand that though numbers can help us to focus on our goals and objectives; we do not want to focus on numbers. It is also important to realize that one or two people on a team cannot accomplish all the team goals alone. One individual should not seek to accomplish all of the *Keys to Victory* for a team, rather pray for and seek additional leaders to help accomplish the long term team objectives.

### ***Keys to Victory***

1. **Huddles** – Bible Study, prayer, and God-focused fellowship should be the cornerstone of every FCA Motocross Team. Each team should meet 12 times throughout the year to study God’s word and grow closer through it.

2. **Track Presence** – Relationships with track owners and promoters is a key element to team outreach. Each team should consider how many tracks are in their area [state] and work to build relationships with 100% in their area.

3. **Chapel Services** – Each team should build an annual strategy to host or support chapel services at 100% of national events, state series, major local series events. Many states have series conflicts and overlapping dates so specific strategies will need to be in place to support all events.

4. **Chapel Attendance** – Each team should develop outreach strategies to reach more people at chapel services. Regular attendance is important. To see the world impacted for Christ through the sport of Motocross is our Vision, therefore, we must build and implement plans to invite more people to chapel services.

5. **Donations / Monies Raised** – It’s a fact. We rely on donations to keep our organization and teams running. Promotional materials, Bibles, and other expenses help keep our impact and reach maximized. We must have a strategy to seek donations in order to keep our Ministry healthy and growing. With this we must challenge our team leaders and members to increase our efforts annually to support growth.

6. **Contact List** – Chances are team leaders and members will meet many people at each event. In our Vision to impact the world for Christ we must find ways to stay connected. One of the best ways to do this is to have specific strategies that will help us to build effective contact lists in order to stay connected to people.
